

WELDING BLANKET

Firelce Shield®
Welding Blanket

Firelce Shield®
64 oz. Premixed Refill

PROTECT YOUR WELD

Prevent Burn-Through & Heat Transfer

The Firelce Shield® Welding Blanket uses superior silica fabrication imbued with Firelce Shield® gel to create a virtually impenetrable heat barrier, preventing all slag burn-through while welding, cutting, or soldering.

Safety

Helps protect workers & surrounding surfaces from sparks, splatter and slag, with no steam

Heat Resistance

Effective up to 5,000° F

Made in USA

Re-wet & Re-use

Resubmerge the blanket in Firelce Shield® gel as needed to preserve integrity of the blanket and sustain its resistance to heat

Eco-Friendly

Non-toxic & non-corrosive

Ordering

Superior Construction 95% Silica Fabric with Firelce Shield® Gel
